## Psychometrics Canada Wins Canadian HR Reporter Readers' Choice Award

Psychometrics Canada, a leading assessment publisher and consultant for the development and selection of people in business, government and education, was selected as one of the winners of the *2016 Canadian HR Reporter Readers' Choice Awards*. Psychometrics was chosen in the category of Employee Assessment Service Providers.

“We are thrilled to have been recognized by readers of the magazine,” said Mark Fitzsimmons, President of Psychometrics Canada. “It is an endorsement and seal of approval from our clients and colleagues - HR professionals across Canada.”

Earlier this year, Canadian HR Reporter polled its readers to discover which HR vendors are their favorites in this first annual Readers' Choice Awards. HR Reporter set out to discover which companies its readers prefer doing business with, and who they believe offers the best value for their services. More than 17,000 ballots were cast in total, adding to the distinction of this award.
